

ADITYA RAVINDRA SINGH

Mumbai, Maharashtra, India || [LinkedIn](#) || [GitHub](#) || thakuraditya1926@gmail.com || **Contact** :+91-8779270491

EDUCATION

Thakur College of Engineering and Technology

Bachelor Degree in Artificial Engineering and Data Science (Mumbai University) **CGPA: 9.4%** CGPA

Mumbai, India

2021 - 2024

Thakur Polytechnic

Diploma in Computer Engineering with Distinction (MSBTE) **Percentage:84.91%**

Mumbai, India

2018 – 2020

TECHNICAL SKILLS

Programming Languages: C Programming, C++, Java, Python, PHP and SQL (Structure Query language).

Data Visualization Tools: Power BI, Tableau, Jupyter Notebooks, MS Office (MS word, Advance Excel, PowerPoint)

Algorithms: Linear Regression, Logistic Regression, Decision Trees, Random Forests, Support Vector Machines, k-means

Frameworks/Libraries: Scikit-learn, Seaborn, Numpy, OpenCV, Matplotlib, TensorFlow, Keras

Analytical Skills: Data Modeling, Data Cleaning, Data Wrangling, Exploratory Data Analysis (EDA), Statistical Data analysis

Database: MySQL, MongoDB, Oracle Database, Django.

Soft Skill: Report Building, Strong Stakeholder Management, People Management, Excellent Communication Skill, Team Collaboration, Strong Problem-Solving Abilities, Interviewing.

PROFESSIONAL EXPERIENCE

GeeksForGeeks, Mumbai, India (Intern) || [View](#)

Sept 2024 – Present

Technical Content Writer ||

- Achieved a target of writing and publishing well explained **Computer Science and Programming Articles** based on various technologies and algorithms for the **GFG Portal**.

INS HAMLTA (Indian Navy), Mumbai, India (Intern) || [View](#)

Dec 2023 – Present

Software Developer and Designing | Technology Stack: HTML, CSS, JavaScript, PHP, MySQL, ASP.Net, UI/UX

- Designed and developed responsive, user-friendly websites using **UI/UX principles with .NET, PHP, and MySQL**, ensuring secure and scalable backend applications for enhanced user engagement and data management.
- Architected and implemented scalable software structures** for the WTP Software, optimizing **application design and database schemas** while following maintainable **coding and algorithm** design practices.
- Led the development of the INS Hamla **website and admin panel**, improving site functionality and **user experience**, and managed the seamless **integration of APIs** for the INS Examination System.

Oasis Info byte, New Delhi, India (Intern) || [View](#)

Nov 2021 - Feb 2022

Web Development and Designing | Technology Stack: Python, SQL, Django, UI/UX

- Built a backend web application using **Python, Django**
- Working with frontend developers and designers to finalize the APIs required for Supporting the UI/UX.
- Creating a great end-to-end user experience by building efficient **API** and Scalable web application structure and DBdesign schema.

Nibodh Summer Internship, Mumbai, India (Intern) || [View](#)

May 2019 – Jun 2019

Web Development and Designing | Technology Stack: HTML CSS, JavaScript and Bootstrap

- Learned the basics of Web Application Development using **HTML, CSS, JavaScript and Bootstrap**.
- Collected, defined and translated user requirements into project designs and implementation plans.
- Trained and supervised **6 team members** for ongoing projects. Conferred with management to prioritize needs, resolve conflicts and develop content criteria.

PROJECTS [View](#)

Amazon Prime Insights Dashboard with Power BI || [View](#)

- Interactive Dashboards:** Explored Amazon Prime data through dynamic and interactive visualizations.
- User Engagement Analysis:** Analyzed metrics such as viewing duration, frequency, and device usage to understand user behaviour.
- Content Popularity:** Identified trending movies, TV shows, and Amazon Prime originals.
- Subscription Trends:** Monitored subscription growth, churn rates, and regional distribution of Prime users.
- Revenue Analysis:** Visualized revenue trends, subscription fees, and customer spending patterns to gain financial insights.

Sales Analysis with SQL and Power BI || [View](#)

Analyzed business requests and user stories to define the problem and solution.

- Data Cleaning using T-SQL:** Differentiated FACT and Dimension tables, identified relevant tables and columns based on business requirements, and prepared and transformed data using SQL concepts.
- Dashboard Creation in Power BI:** Loaded and organized data, connected tables, imported Fact_Budget, created calculation measures, and designed an interactive dashboard with various visualizations.

Data-Driven Zomato Trends Using Python Analysis & Power BI Dashboards || [View](#)

- Data Cleaning & Preparation:** Utilized Python libraries (Pandas, NumPy) to clean and pre-process Zomato data, removing duplicates and irrelevant columns for analysis.
- Insights & Recommendations:** Analyzed restaurant costs, online delivery options, and aggregate ratings by country, offering strategies for improving restaurant quality, online services, and diverse cuisines.
- Interactive Dashboard:** Created a Power BI dashboard allowing users to filter restaurants by cost, ratings, votes, and cuisines for better decision-making.

ACHIEVEMENTS [View](#)

- 5- stars in **SQL DATABASE MANAGEMENT SYSTEM, PYTHON, CPP, C language** and 2 - Star Solve 30 days' **Challenges** in at [Hacker Rank](#).
- Certificate of Completion **The SQL Programming Essential Immersive Training** - [LinkedIn Learning](#) || Oct-2024
- Complete Guide to **Power BI for Data Analysts** by Microsoft Press - [LinkedIn Learning](#) || Oct – 24
- Complete the [Software Engineer Intern Certificate](#) – Hacker Rank || Oct - 24
- Certificate of Completion [WordPress Complete Website Masterclass](#) || Aug-24
- Certificate of Completion of **Python Complete Course for Python Beginners** || Aug-23
- Microsoft Certified: [Azure AI fundamentals-AI-900](#) || April - 23
- NASSCOM+ACCENTURE **Acquiring Data** (Level-1-AI Fundamentals of AI ASCEND) | Nov-22
- Certificate of Completion **CSS, JavaScript, Bootstrap and PHP for Beginners**|| Sept-22
- Microsoft Office Specialist: [Excel Associate-2019](#) || Oct-22
- Certificate of Completion of **Python for Data Science, AI & Development** || Aug-21
- Certificate of Completion **Basic of Java, Python and SQL** and Advance certificate SQL in [Hacker Rank](#)|| June – 20
